VALUE TRACK

Value Track | Update Report | 24 February 2025

Casta Diva Group
Sector: Business Services

Medical and Celebratory Events Unlocked

Casta Diva Group (CDG) is active in Live Communication and Video Content Production, mainly focusing on corporate clients, but with an exposure also to the individual target audience.

FY24 Preliminary Pro Forma Top Line at €123.4mn

CDG closed FY24 with a 10.7% y/y growth, reaching €123.4mn, largely fueled by M&A, as preliminary data also includes the FY contribution of Artificio Italiano and First Class, acquired at year-end. Management expressed satisfaction with CDG's performance, highlighting key event wins (e.g., Milano-Cortina 2026 Paralympics) and strategic M&A, reinforcing its market position in high-potential segments.

Expanding into Medical and Celebratory Events

In 2024, CDG continued its relentless M&A activity that already counts 5 major deals in ~2 years, investing >€18mn at highly attractive valuation multiples (0.3x EV/Sales, 1.9x EV/EBITDA). Latest additions are (i) Artificio Italiano (~€1mn FY23 revenue agency specializing in major celebratory events worldwide) and (ii) First Class (~€7.5mn FY23 revenue specialist in medical-scientific congresses for pharmaceutical companies). M&A remains a key pillar for further consolidation, international expansion (Asia, Middle East), end-market diversification (large-scale retail, fashion, pharma), and AI-driven content production and events innovation.

Organic Downside Offset by M&A Contribution

Overall, our revised estimates maintain our previous FY24 forecasts, but the new perimeter also includes Artificio Italiano and First Class. FY25E-26E top line remains largely unchanged, as do Adj. EBITDA-EBIT. Reported margins and Net Debt are more affected by the organic growth revision and M&A-related cash outflows. In 2026E, we now expect:

- Value of Production at €138.6mn, ca. 9% below CDG targets;
- EBITDA Adj. of €14.5mn, i.e. 10.5% of VoP;
- Net Debt of €2.5m, after €3.7mn in 2024E-26E cumulated dividends.

Fair Value at €2.60 p/s (from €2.55 p/s)

We revise our FV for CDG to €2.60 p/s, reflecting (i) lower organic growth projections balanced by (ii) peers' multiples rerating and (iii) recent M&A impact. With CDG trading at a ~60% discount across FY25E-26E multiples, our FV suggests a potential 2.3x upside, reinforcing our view that the stock remains significantly undervalued.

INNOVATION, ESG AND 'GEN Z' AT CORE

The communication campaigns of
CASTADIVA GROUP

Everything begins with “**Questo lo abbiamo fatto domani**” - **We did this tomorrow** -, the first campaign entirely generated with artificial intelligence, where AI becomes a tool of vision and promise: designing the future today, with creativity and technology at the service of the client. But the machine alone is not enough: it is the team’s experience that gives shape and meaning to the outcome.

With “**Dov'è l'onda?**” - **Where is the wave?** -, the reflection deepens. Artificial intelligence broadens horizons, but it is imagination—Open Imagination—that brings back emotion and meaning. The absence of the fishermen in Hokusai’s famous Wave becomes a metaphor for a soulless future, unless guided by a creative and human vision.

Finally, “**DO NOT WORK**” opens a new perspective: that of the new generations. A visual manifesto that breaks with traditional models and asserts human potential as a driver of change. Not a rejection of work, but the ambition to redefine it in terms of freedom, expression, and growth.

*Three campaigns, one single narrative:
that of a Group that believes in the future, embraces innovation, and entrusts human talent with the responsibility of generating meaning.*

Questo l'abbiamo fatto domani.

We did this tomorrow

AI GENERATED ADV

Artificial intelligence will change the world of communication

And yet, without experience and teamwork, it cannot work. This image was created by entering the words Casta Diva into an OpenAI software capable of generating images from words, but it was us who refined and selected the results. Because that's what we do with our clients: we use technology, but we don't let it use us. We interpret the present to invent the future together.

Dov'è l'onda?

Where is the wave?

AI is in every device we use every day. It allows us to expand the world around us by reconstructing off-frame contexts, imagining new geometries, and unlocking untapped potential. But what would *The Great Wave off Kanagawa* by Hokusai be without the fishermen overwhelmed by the storm? Just an expanse of blue water—a sea like any other—not the iconic, vibrant masterpiece it has been for two centuries. **The wave we seek is the one that stirs emotions.** Because that's how we want to use AI: to unleash our imagination. At Casta Diva, we call it **OI Open Imagination.**
